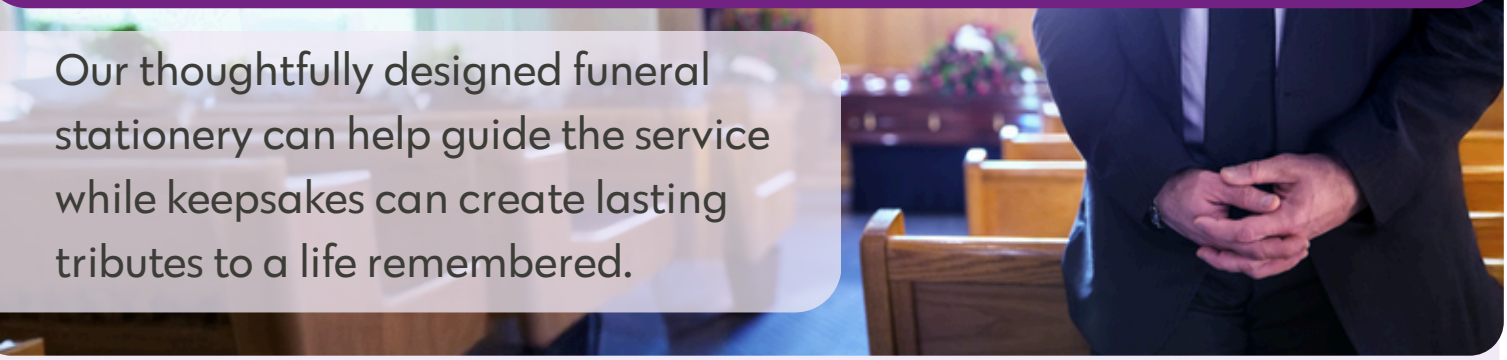
Personalising the service



Our thoughtfully designed funeral stationery can help guide the service while keepsakes can create lasting tributes to a life remembered.

Personalised Order of Service

An Order of Service guides the ceremony while providing a meaningful keepsake for family and friends, including those unable to attend. Fully personalised, an Order of Service can also be suitable for memorial or ashes-scattering ceremonies following an unattended cremation.

Book of Remembrance

A Book of Remembrance invites guests to share messages and memories. It can be designed to match the Order of Service for a coordinated presentation.

In Memory Seeds

In Memory Seeds offer a symbolic way to remember a loved one, giving guests something to take home. Each packet includes a printed verse, planting instructions, and a choice of seed varieties.

In Memory Pins

In Memory Pins are a discreet option for mourners to wear during the service and keep afterwards. Available in a range of designs and finishes, they offer a subtle, personal tribute.

Media services

On-the-day chapel media services help families create a personal and meaningful farewell. From live and on-demand webcasting for those who cannot attend, to beautifully crafted photo tributes, each service is thoughtfully tailored to reflect what matters most for your goodbye.
For unattended direct cremations, our Virtual Memorial Service provides a lasting video memento of the farewell.
