After the Service

Cremation memorials are used to store ashes after your loved one has gone, to scatter, bury or keep as a comforting and tangible reminder.

Scatter Tubes

Scatter tubes are designed and engineered to simplify the scattering process. They do not contain metal or plastic components and can be recycled or composted after use.

Wooden Caskets

Wooden caskets are perfect for the safekeeping and decorative display of ashes over a longer period of time. Our wooden caskets vary in price, but all include the transfer of your loved one's ashes and sealing of the casket. Personalised name plates are included in the price.

Willow Urns

A choice of three rustic urns made from natural woven willow suitable for burial or decorative display.

Bamboo Urns

Natural and fully biodegradable urn for burying your loved one's ashes.

Biodegradable Urns

Stylish urn made from natural clay for burials and water burials.

Keepsakes

Keepsakes are a beautiful and sentimental way to keep some of your loved one's ashes close to you, providing comfort when you need it. Each family member can choose a keepsake that means the most to them personally.

Scatter Tubes

Made in the UK, our standard sized scatter tubes are £30 each and are large enough to hold all of your loved one's cremated remains.

Also available in smaller sizes if you would like to split cremated remains between family members.

We will coordinate everything on your behalf, ensuring the flowers are delivered directly to the crematorium and thoughtfully arranged in accordance with your preferences. Personalising the service

Our thoughtfully designed funeral stationery can help guide the service while keepsakes can create lasting tributes to a life remembered.

Personalised Order of Service

An Order of Service guides the ceremony while providing a meaningful keepsake for family and friends, including those unable to attend. Fully personalised, an Order of Service can also be suitable for memorial or ashes-scattering ceremonies following an unattended cremation.

Book of Remembrance

A Book of Remembrance invites guests to share messages and memories. It can be designed to match the Order of Service for a coordinated presentation.

In Memory Seeds

In Memory Seeds offer a symbolic way to remember a loved one, giving guests something to take home. Each packet includes a printed verse, planting instructions, and a choice of seed varieties.

In Memory Pins

In Memory Pins are a discreet option for mourners to wear during the service and keep afterwards. Available in a range of designs and finishes, they offer a subtle, personal tribute.

Media services

On-the-day chapel media services help families create a personal and meaningful farewell. From live and on-demand webcasting for those who cannot attend, to beautifully crafted photo tributes, each service is thoughtfully tailored to reflect what matters most for your goodbye. For unattended direct cremations, our Virtual Memorial Service provides a lasting video memento of the farewell.
